Camilla Dahl:

Aalto Amphi Experimental Lab

**Participants needed for a performative experiment at Aalto Amphitheatre Otaniemi,
Wednesday 30th of May, 18:00 – 19:00**

Camilla Dahl International is looking for 10 participants to take part in a one-hour performative experiment at the Aalto Amphi during the opening ceremony of Hybrid Labs Symposium at the Aalto University.

Collectively, we will engage in the action of licking the amphitheater.

Desiring the Aalto Amphi with our bodies and tongues, we will obtain sensory knowledge of the amphi's structural and material qualities. Our aim is to sensually investigate the educational institution by absorbing the perspiration of modernist architecture and disrupting the traditional academic use and purpose of the space.

The amphi will be prepared and cleaned beforehand. Remuneration € 50 per person.
